### CURLING CLUB MEETING

A well attended and enthusiastic meeting of the Vulcan Curling Club was held on Friday evening last at the offices of Flood, Whicher & Elves. A great deal of business was discussed among which was the question as to whether an additional sheet of ice should be prepared for the coming season on account of the Ladies' Curling Club having asked that they be allotted a sheet of ice for themselves, to enable them to curl in the evenings. The pro's and con's over the matter became so heated that within a very short time proposals for two, three and four sheets of curling ice were heard and information put before the meeting showing the cost of an up-to-date skating and curling rink combined which would be in the neighborhood of \$20,000. The storm passed, however, and eventually the executive committee was appointed on bloc to look into the matter and obtain approximate figures for the addition of one sheet of ice.

A resolution was passed limiting the numbers of members to 48 and all prospective members are advised to hand in their names to the secretary at the earliest possible moment as it is anticipated that there will be a far greater number than this desirous of curling.

The general feeling of the meeting seemed to indicate that the advent of the ladies, more as partners than understudies, into the second year of their pilgrimage to the lofty heights occupied by the male curling artists, would prove advantageous to all concerned in the sport for the future, and that, working together, the club would have a more successful season than it would otherwise.

A general meeting will be held on Thursday evening, October 21st, at 8 p.m., sharp, in the offices of Flood, Whicher & Elves (old members please note) at which all past, present or future members are invited to attend. At this meeting new members will be elected, skips chosen, and all other matters pertaining to the ensuing season adjusted, and it is hoped that all interested in the game will be in attendance.

The following officers were elected for the ensuing season:

Honorary President, J. McNaughton; President, C. Hall; Vice-President, W. O. Torgerson; Secy.-Treas., A. E. R. Long; Executive Committee, W. E. Butchart, F. M. Anderson, E. J. Charters, D. C. Jones, W. H. Grant.

### LANTERN LECTURE

Rev. A. R. Schrag visited Vulcan Friday and in the evening gave an illustrated lecture on the "Forward Movement." The lecture was well attended. John R. Mott, who knows the world as well as any one said "The Organized Church has done more to purify, enrich and strengthen mankind than all other movements." Other movements are out to commercialize their enterprises. Such must pay in dollars and cents or they are a failure. The organized church is missionary in its essence. Its object is to help. No other enterprise gives millions a year to build up communities and it does this with no hope of financial return. The speaker showed picture after picture of schools and missions in the Canadian Northwest where active work is carried on among the boys and girls. This is one of the many aspects of the Forward Movement.

### LADIES' CURLING CLUB

The annual meeting of the Vulcan Curling Club was held in Wednesday, October 13th. Mrs. Hall was unanimously re-elected President. Mrs. Denbigh, Vice-President and Miss Wylie, Secretary.

The following skips were also appointed: Mrs. Denbigh, Mrs. Hall, Mrs. LeBeau, Mrs. Torgerson, Mrs. Traill, Mrs. Jacques, Mrs. Walker, Mrs. Flood, Mrs. Marcellus and Miss Travis. The club decided to hold a dance on November 11th.

All ladies desiring to curl this winter should join the club at once.

Fred U. Glass, of Galesburg, Illinois, returned to his home on Friday last after spending several weeks in Vulcan looking after his farming interests here. Mr. Glass owns considerable land near Vulcan and he recently took an option on another piece which he expects to take up about the middle of next month.

### THRESHING ABOUT COMPLETED

Threshing operations in the Vulcan district are now about finished, except in a few isolated places, and these will be finished in the course of a few days. Many of the threshing rigs have pulled in for the season and all report having had a most successful run. Although the yield of both wheat and oats were a disappointment to most farmers, still the average was not poor by any means. Several reports of forty bushels to the acre of wheat have come in and oats have run around seventy-five.

This fall has been the finest on record for the threshermen and everyone took advantage of it by working hard all day and well into the night taking care of the crop in the district.

The elevators have been taxed to the limit to take care of the grain as it was brought in. One elevator reports that it has already handled over 125,000 bushels and there are many more thousands in sight. There has been a scarcity of cars so far, but not so pronounced as at some other points. However, there would have been many thousands more bushels on the way to Fort William if a good supply of cars had been available.

### EXPERIMENT WITH WHEAT

Mr. B. E. Lommatzsch, who farms near Vulcan, was in town on Saturday and gave us a call. Upon being asked particulars in regard to his crop he replied that he was through threshing and had threshed 3,000 bushels of wheat which averaged about 24 bushels to the acre, and his oats, of which he threshed 800 bushels, 35 bushels to the acre.

His crop of wheat comprised three different varieties, namely, Red Bob Wheat, Kitchener and Registered Marquis, and it will be of interest to farmers to know that the Red Bob wheat, with which he was experimenting, beat the other two variety both in yield and ripening. They were all sown at the same time in the same kind of soil and each field received the same cultivation, yet the Red Bob ripened about seven days earlier than the others and gave a yield of 33 bushels to the acre as against Kitchener 29 bushels and registered Marquis 25 bushels. With these advantages over the other varieties and also the fact that it is claimed to be an equally good milling wheat it seems to us that it would pay the farmers of this district to sow Red Bob wheat in preference to any other variety and if anyone would care to see a sample same can be had from Mr. Lommatzsch and any other information required.

### CARD OF THANKS

I wish to thank all who so generously offered their assistance and tendered their kindly sympathy towards me and my family in our great loss. I feel it is impossible to thank each individually and would be glad if this intimation be kindly accepted as the only expression of my deep gratitude.

Yours sincerely,

J. Eamor and Family.

The Bean Supper provided by the Ladies' Aid of the Vulcan Church on October 12th proved a very popular affair. 225 persons were served and after allowing for incidental expenses about \$85 will go to the treasury. There is a need felt in Vulcan for these social affairs and it is hoped that the ladies will see their way clear to put on an occasional supper during the fall and winter. The community, realizing that all money raised goes for church purposes, are willing to contribute to make such efforts a success.

### VULCAN CATHOLIC CHURCH

Sunday, October 24th  
HOLY MASS, 11 a.m.

A meeting of all parishioners will be held immediately after Mass.

Rev. Father McLaughlin

### VULCAN NEWS ITEMS

Mrs. P. S. Anderson was visiting with her mother, Mrs. Francis Hicks, for a few days last week.

Mr. D. McWhinney, of Calgary, spent the Thanksgiving holidays with his parents at Hearnleigh, returning to Calgary on Tuesday.

Miss Etta McKenna, of Calgary, arrived in Vulcan on Saturday and spent the Thanksgiving holidays with Mr. and Mrs. Jack Thompson.

Fred Bilton, of Vulcan, shipped a carload of cattle and hogs from this district last week.

Mr. and Mrs. J. T. Oliver and little daughter, of Calgary, spent the holidays with Mrs. Oliver's parents, Mr. and Mrs. J. A. Lindsay.

Mr. Geddes, of the Bank of Hamilton staff, was a Nanton visitor over the holidays.

Archie McIntyre and Dave Churchill left on Thursday last for Seattle, where they will spend the winter months.

Mrs. A. O. Craig and family returned to Vulcan last week from her home in Nova Scotia, where they have been visiting for several months.

The Ladies' Aid of Vulcan Church will meet on Thursday afternoon at 4 o'clock in the church. A cordial invitation is given to the ladies of Vulcan to attend.

Miss Winnifred Daines, who has been on the local telephone staff for some time, left on Saturday last for Strathmore, where she has accepted a position in the telephone office at that point.

Judging from a postcard received by us from Dr. R. K. B. Knowles, requesting that his paper be sent to Vegreville in future, it looks as if the doctor has located at that point.

Rev. Alleyn Bradshaw, of Okotoks, was in town over the week end and conducted the Church of England services in the I.O.O.F. Hall, on Sunday last.

Quite a number of our citizens migrated to Calgary on Saturday last to spend the Thanksgiving holiday and returned home on Tuesday. All report having had a good time.

The Boy Scouts have now secured quarters in the Primary School and will take up their training one night each week during the fall.

Through the effort of a Community Club and the city fathers, the town of Vulcan has been granted a relic of the great war in the shape of a German trench mortar, which will be shipped here in the near future by the authorities in charge of war relics.

Miss Winnifred Lawrence, who has been visiting with Mr. and Mrs. Roy Dean for the past few weeks, left on Wednesday last for Spokane where she will stay for awhile before proceeding to Fort Blakely, where she will teach school.

Our issue this week is a day-late owing to the fact that we had to wait for the tax sale lists of the Village of Vulcan and the Municipal District of Royal, which had to appear in this issue according to the Provincial laws governing these matters.

Bill Rolston, who has carried on a vulcanizing business in the General Service Garage, for some time sold out last week to Mr. R. A. McDonagh, of Calgary. The new proprietor is now in possession and by strict attention to business and turning out first-class work, hopes for a continuance of the patronage accorded to Mr. Rolston.

There is a fire prevention campaign on in Calgary and the fire department are urging all citizens to see that their stove pipes are in good condition and repair and chimneys in order before the cold weather sets in. It would also be a good move on the part of the people of Vulcan to follow this advice as faulty stove pipes and chimneys have been the cause of many serious and fatal fires in the past. Prevention is better than cure.

### VULCAN NEWS ITEMS

Miss Gretchen spent the holidays at Cayley visiting with her grandmother, Mrs. Mary R. Hicks.

The Combination Sale held in town on Saturday last by Rebbe & Shimp was very successful. A large crowd attended and good prices were secured for the different articles sold.

Practice for the adult choir of the Vulcan Church will be held in Thursday evening next at 8 o'clock, and not on Friday as heretofore. A good attendance is requested.

The Canadian Chautauquas Limited, who finished a five days engagement in Vulcan last week will visit us again next year.

A real estate deal was put through last week when the residence of Mr. Irving, who is living in Calgary, was sold to Mr. McCutcheon, who took immediate possession and is now settled in his new home.

C. B. Rowan, of Galesburg, Illinois, arrived in Vulcan last week to look after his farming interests here. He is more than pleased with the results of this year's crop and thinks this district the only one to farm in and get good returns.

Dr. Griswold, of Galesburg, Illinois, has been in town for some time past looking after his interests here. The doctor has the greatest confidence in the Vulcan district and is not at all anxious to dispose of his present holdings.

A meeting of the Curling Club will be held in the offices of Flood, Whicher & Elves on Thursday evening at 8 p.m. sharp. All members and prospective members are invited to attend.

A meeting of the teachers and officers of the Union Church Sunday School is called for Wednesday evening next at 8 p.m. It is requested that all interested attend this meeting.

Thanksgiving Day passed off very quietly in Vulcan. There was nothing doing in the line of sport and most of our citizens hiked to Calgary where they got a change from the usual everyday routine. A large number of sports hiked to the fields to have a day with the chicken, which are reported to be very plentiful, and some very good bags were brought home.

Having rented his farm, Mr. Robt. M. Synge, who lives northeast of Vulcan, is selling out his horses and farm machinery and it will pay those interested to look over his advt. on another page or see posters which have been distributed around the country and attend this sale which takes place on Wednesday, October 27th.

Willie Butchart gave a birthday party on Saturday last to about twenty of his friends. A very enjoyable time was had by all and after feasting on all the nice things prepared by Mrs. Butchart, Mr. Butchart took all the guests to the picture show.

Wm. H. Skinner, of Portland, Oregon, arrived in Vulcan last week to look after his interests here. Mr. Skinner bought three quarters of a section of land in this district last year and he is very pleased with the return he is getting from this year's crop.

The Opera House was very well attended on Saturday evening last when the picture, "Bright Skies," featuring Za Su Pitts, was shown, along with an added attraction of Hippodrome Vaudeville, which was of an high order. The company was composed of some very clever artists, and judging by the applause given each number was enjoyed and appreciated by the audience.

Mr. and Mrs. Marshall Gooch arrived in Vulcan last week and have taken up their residence here. Mrs. Gooch, who comes from Chicago, is a teacher of piano and it is her intention to practice her profession here. She is a graduate of North-Western school of music and was also a teacher at that institution for a considerable time. Mr. Gooch has a farm in the Buffalo Hills district, is a returned man and served three years in France in the Flying Corps.

### LIBERAL LEADER OUTLINES POLICY

Hon. McKenzie King appeared in Calgary on Monday and gave an outline of new Liberalism at a large and responsive meeting. The meeting was held in Victoria Pavilion and many were unable to gain admission. Able addresses were given by the leader and Ernest Lapointe, Wm. Duff and others. Following report is from the Calgary Albertan, which we have taken the liberty of using:

Mr. King declared the two greatest needs of today are the reduction of taxation and the lowering of the cost of living, and that present government has espoused a policy which makes the realization of either impossible. Retrenchment and economy, the revision of the tariff downwards, and the elimination of profiteering, are means, he said, whereby these aims might be achieved. Yet in the present year the vote of the militia department alone had been increased from \$8,000,000 to \$12,000,000. "I moved in the house," said Mr. King, "that this additional four millions be struck out, and saved to the country or given to meet the needs of the returned soldiers of Canada. The trouble is, he added, "that the government has got the war habit of mind and anything that seems like a reduction of expenditure seems to them like the encouragement of Bolshevism. There is \$2,000,000 for barracks which we don't want and won't need; for there is no reason why we should lay the basis of a standing army."

Quoting the items for militia and defense, naval service, air service, and mounted police, a total of \$22,588,925, he remarked that this is quarter the amount required in the last year of the Liberal administration. The item for mounted police was \$870,000 in that year, as administration for all national purposes compared with \$5,270,000 in 1920. He declared that the government in endeavoring to create great agencies for repression is helping to create revolutionary sentiment, rather than to remove it. "If the government can afford to spend that large sum then it is absolute hypocrisy to say that it has not got the wherewithal to do justice to the veterans of the war. It half of this sum was spent in gratuities, the country would be better off." While he had the highest admiration for the high traditions and splendid services rendered by the mounted police, Mr. King declared that the expenditure of such items as \$600,000 for a barracks in Ottawa, and the conversion of the force into a great parade institution, was not a cause for pride or satisfaction.

Mr. King with complete frankness confessed that he would not be honest if he gave a pledge in the matter of soldiers re-establishment which would commit a parliament not yet elected, "but this I will say," he added, "that the policy of the Liberals is to meet the needs of the returned men the fullest possible extent, and I can conceive of cases in which \$2,000 would be absolutely inadequate to meet such a need."

The Liberal leader made a direct complaint that the press service of Canada had carried little information on what he had said in the east in regard to the tariff, though he had found inspired despatches which gave a misleading impression of what his free trade, not for extreme protection, he said, "and it is not true that any party in Canada stands for free trade. But my tariff policy is and always will be, the same when I am speaking in the east as in the west." Mr. King said that apart from the farmers greater demands in respect to the enlargement of the British preference, there was little difference between their policy and that of the Liberals, which was tariff for revenue, and the encouragement of increased production, the only means of solving the problem of the cost of living, by the admission under the best possible terms of all that is required for the development of agriculture, mining, lumbering and fishing.

Mr. King with complete frankness confessed that he would not be honest if he gave a pledge in the matter of soldiers re-establishment which would commit a parliament not yet elected, "but this I will say," he added, "that the policy of the Liberals is to meet the needs of the returned men the fullest possible extent, and I can conceive of cases in which \$2,000 would be absolutely inadequate to meet such a need."

Mr. King said that apart from the farmers greater demands in respect to the enlargement of the British preference, there was little difference between their policy and that of the Liberals, which was tariff for revenue, and the encouragement of increased production, the only means of solving the problem of the cost of living, by the admission under the best possible terms of all that is required for the development of agriculture, mining, lumbering and fishing.

### CONSUMER MUST PAY

W. L. Orchard, political organizer for the Saskatchewan Grain Growers' association in giving testimony before the Tariff Commission at Regina, took strong objection to the tariff as a revenue producer, on the ground that the amount of revenue that goes into the treasury is small in comparison to the amount taken from the consumer, and because it was unequal, in that the largest consumer whether rich or poor paid the greater amount. He believed, he said, that the income tax should be made much more useful. Sir Henry Drayton asked the witness how he proposed to do this. He answered, "By increasing the tax on those who have large incomes."

The chairman interrupted to read a table showing how revenue was derived last year from the income tax, it was as follows:

Persons with incomes of \$10,000 or less numbered 93,009, and paid \$3,244,306, while persons with incomes of over \$10,000, including corporations, numbered 6,699, and paid \$14,841,491 of the tax. Out of 120,000 farmers in the province of Saskatchewan, 2,277 paid income taxes. In the whole of Canada, 6,492 farmers, or six per cent. of the total income tax payers, paid a tax on their income. This amounted to \$400,000, of two per cent. of the total tax collected from this source. Taxpayers totalling 93.28 per cent. of the total number taxed on incomes 17.95 per cent. of the tax. He asked the witness if he would still increase the tax on men with large incomes.

Mr. Orchard answered that he would and that if persons with an income of \$200,000 had three-quarters of it taken away they would still be better off than the man with \$10,000.

"How many of them do you think would remain in the country? Not very many. There is very little patriotism in a dollar; it goes where it can make the most," said Sir Henry Drayton.

J. A. Maharg, president of the Farmers association, said that by the drop in wheat prices, the Saskatchewan farmers have already lost \$150,000,000.

### Reasons Why We Could Not Do Without It.

Someone has advanced the opinion that the letter "e" is the most unfortunate character in the English alphabet, because it is always out of cash, forever in debt, never out of danger, and in hell all the time. But we call attention to the fact that "e" is never in war, and always in peace. It is the beginning of existence, the commencement of ease, and the end of trouble. Without it there would be no meat, no life, no heaven. It is the centre of honesty, makes love perfect, and without it there would be no editors, devils or news.

In reference to the foregoing, a Calgarian remarks that "e" completed a helpmate for man, for it was the beginning and end of Eve. It starts lover's engagements and completes their marriage. It is the most fortunate, for it always comes in late and is always in time. It will make butter, better and put finish to the taste and after all it has done, and is doing, it is just the beginning of the end.

### WHY PROTECT REFINERS

Fortunately the anti-dumping clause of the customs Act does not apply to the importing of sugar from the United States unless it can be proved that the Americans are selling sugar for purposes of export at 1-5 per cent less than the prevailing market price in their own country. According to a Montreal wholesaler, American sugar can now be brought in at \$14.67 per hundredweight, while \$18.75 is the wholesale charges made by the refiners.

### FELT SAFE IN LONDON

R. J. C. Stead, who is now, on a visit to London, England, in connection with an emigration scheme, receives a very kind notice from that delightful journal "London Opinion." This paper, by the way, only deigns to chat about the great and the near great, so it is evident that the former High Riverite stands in a high class. In mentioning the visit of Mr. Stead, the writer says: "At home, he counts second to Ralph Connor as a best seller, and his government evidently considers that the man who can attract thousands to his books ought to be able to attract them to his country. He has been taken round to see London by night, and owns to some disappointment at finding it all so safe and orderly."

Out of approximately 5,700 returned men who have been assisted by loans from the Soldier Settlement Board in Alberta, 98 per cent. are making good on the land, and of the two per cent. remaining very few are failures through any fault of their own, but rather on account of troubles over which they have no control. This is the statement of the supervisors of the Board to the local Board of Trade.

## Not What You EARN - - But What You SAVE!

Remember it is **not what you earn** but what you save that distinguishes you from the improvident. You may require a little capital to purchase a business, a farm or a home of your own; or you may wish to give your children a fair start in life. It is remarkable how quickly your savings accumulate when wisely invested. 5 per cent Savings Certificates are issued in denominations of \$5, \$10, \$25, \$50, \$75, \$100, \$500, \$1,000 and \$10,000 and are payable on demand. Gold Bonds are issued in denominations of \$100, \$500 and \$1,000, and bear interest at the rate of 6 per cent per annum, payable half-yearly, 1st May and 1st November. Here you have all the essentials of the highest class of investment—an unimpeachable security, high interest return prompt payment of interest. These Bonds may also be purchased through any recognized bank, bond house or insurance agency in the Province of Alberta.

### GRAIN MEN WANT ACTION

"The setting of a guaranteed minimum price for wheat by the government is imperative in the interests not only of agriculture, but of financial stability of Canada as a whole."

This was the emphatic statement, in conversation with the Canadian Press representative recently, of John L. McFarland, president and managing director of the Alberta Pacific Grain Company, Limited. Mr. McFarland insisted in the necessity of immediate action.

### PROVINCIAL NEWS ITEMS

Lord Mayor McSwiney, of Cork, has fasted over fifty days and is kept alive on "Spiritual Aid." Report does not say whether it is of the Irish or Scotch variety.

A Winnipeg doctor wrote nearly 6,000 prescriptions for liquor during the month of August. He was only fined \$200. At \$2 per, he still had \$11,800 to the good.

"If you have a job, keep it." This is the advice tendered by heads of Chicago employment agencies, who report a surplus of labor.

Luxury tax will be replaced by some kind of sales tax after next session of parliament is the guess of the Ottawa Citizen.

If the movies were up-to-date at Calgary they would have turned the tables on the men who held them up recently by taking motion pictures of "the hold-up."

Calgary papers publish with pride the "phony" statement made by a government telephone man that Calgary will have a population of 110,000 souls in 1935.

Some of the automobile concerns in the United States are reducing their prices in a very substantial manner. have cut the price of shoes 10 per cent. the past week.

The price of coffins across the line and possibly in High River and Vulcan will be lowered. At any rate coffins are supposed to be lowered.

A bulletin issued by the Dominion Bureau of Statistics estimates Canada's grain crop this year as follows: Wheat, 289,498,000 bushels, as against 193,260,400 bushels last year; oats, 556,718,000 bushels, as against 394,

387,000 bushels; barley, 64,257,000 bushels, as against 56,389,400 bushels; rye, 12,915,000 bushels, as against 10,207,400 bushels; and flax seed 11,090,000 bushels, as against 5,472,800 bushels.

According to Bradstreets and Dunns review of business, a decline in prices during September amounted to 19 per cent., as compared with the first of the year. Here it is not noticeable.

Hon. W. R. Wigmore, new minister of customs, plans a tour through many of the Canadian cities and towns explaining to the merchants the luxury tax.

The New Brunswick government got an even break in the provincial elections held on Saturday and out of 48 seats they got 24. The Conservatives won 13, United Farmers captured 9 and Labor got 2 seats. The Premier, Robert Murray, is confident he can carry on the government.

A syndicate is being formed in New York to underwrite an issue of four million dollars Massey-Harris Company Limited ten-year 8 per cent. gold bonds, which will be the joint obligation of the company and of the Mas-

sey-Harris Harvester Company, its subsidiary in the United States. The company, which is a Canadian concern, is the first large Canadian industry to offer securities in the New York market for 1920.

There is no fear of a scarcity in Ontario as a total of 193 law students have been admitted as barristers and solicitors.

The Soldiers' Memorial Monument at Gleichen will be unveiled on November 9th, and on the same date the Gleichen School of Agriculture will be opened.

Hon. McKenzie King, the Liberal leader, is meeting with much enthusiasm among the people as he proceeds west. At Edmonton and Calgary he had two very largely attended meetings.

Bread dropped one cent a loaf in Calgary on Monday morning and another cut is promised shortly.

Lillian Russell is campaigning for the Republican presidential candidate.

Dairy butter although scarce only brought 48 to 53 cents at Calgary.

## FORGING

FOR NEAR A SCORE OF YEARS THE U.F.A. HAS BEEN FORGING AHEAD.

SOME MISTAKES HAVE BEEN MADE BUT THESE HAVE BEEN ERRORS IN METHOD ONLY—ALWAYS THE OBJECTIVE, CLEAR CUT, WELL-DEFINED HAS BEEN IN VIEW.

URGED ALWAYS—BY A NEED ONLY TOO EVIDENT, AND BUILDING ORGANIZED STRENGTH ON ORGANIZED STRENGTH—STEADY, WELL ORDERED PROGRESS HAS BEEN MADE.

LOOKING ALWAYS TO THE FUTURE—TO THE BUILDING OF A TRUE DEMOCRACY WHEREIN THE REAL WORKER WILL RECEIVE ADEQUATE RECOMPENSE FOR HIS TOIL;—CONSISTENTLY, WITHOUT FALTERING, THE CHAIN HAS BEEN FORGED LINK BY LINK.

THE ORGANIZATION HAS NOW REACHED A POINT WHERE ITS VERY STRENGTH ATTRACTS THE LOYALTY OF MANY MEN, BUT ITS TASK CANNOT BE COMPLETED UNTIL IT HAS THE ACTIVE SUPPORT OF THE RURAL POPULATION 100% STRONG.

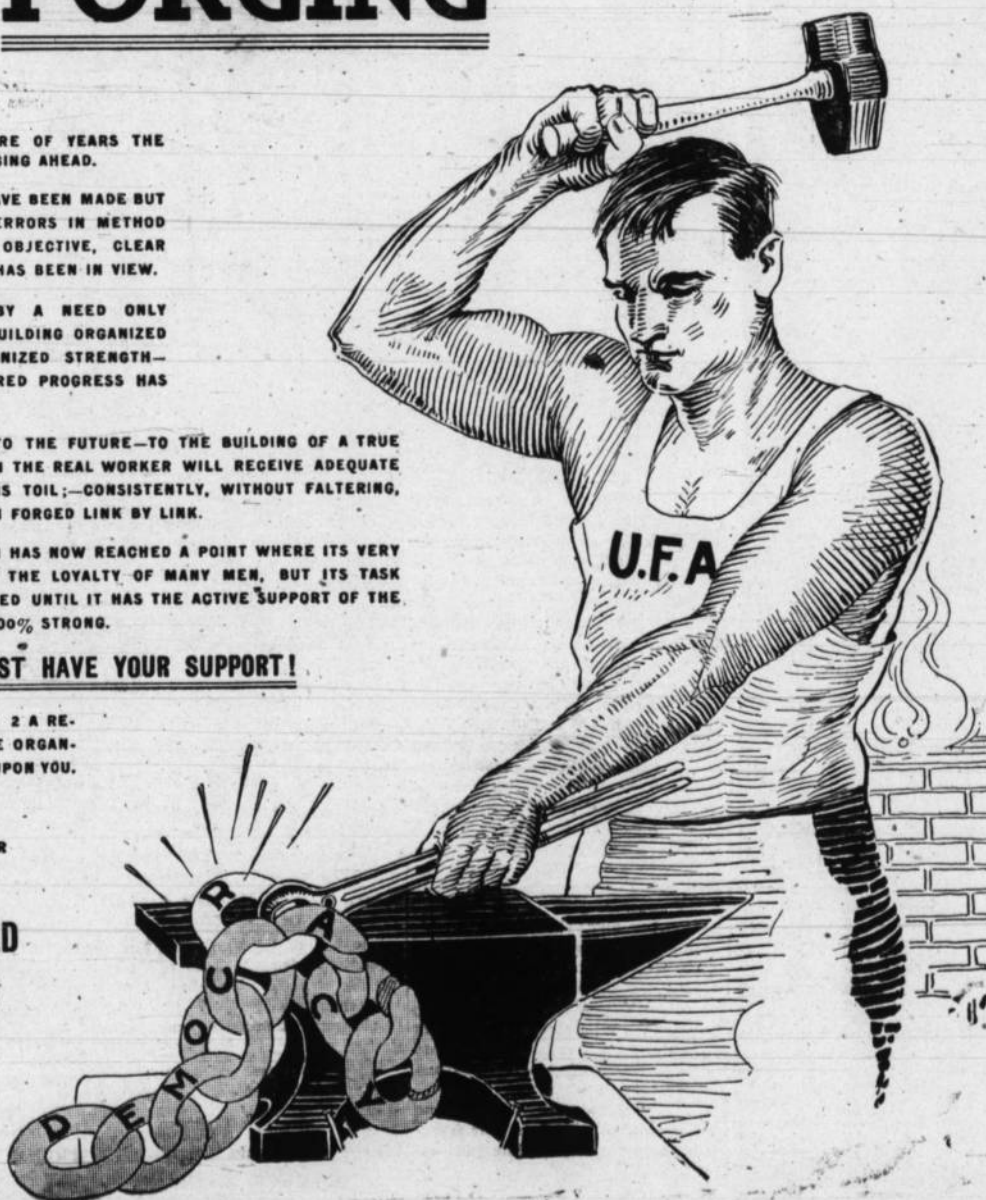

**IT MUST HAVE YOUR SUPPORT!**

ON NOV. 1 OR NOV. 2 A REPRESENTATIVE OF THE ORGANIZATION WILL CALL UPON YOU.

WELCOME HIM.

HE WILL ASK FOR A CONTRIBUTION.

**BE PREPARED  
TO DO YOUR  
PART**

## Seasonable Hints

Get your order in for Storm Sash, so that you may have them for the cold weather.

Come in and inspect our Tyre and Skookum sheathing, also our Plaster Roof Cement to repair that old roof.

A shipment of the old reliable "Woodstock" Wagons just received. Come and look them over.

**Vulcan Co-Operative Co.**

Unless the arrears of Taxes and costs be sooner paid, the Treasurer of the said Village will proceed to sell the lands for taxes at the time and place above mentioned.

Dated this 16th day of October, 1920.

A. J. FLOOD, Vulcan, Alberta,  
Secretary-Treasurer of the Village of Vulcan.

## ARE YOU DOING YOUR DUTY?

Fire prevention week is over and it is to be hoped that the great lesson instilled in the minds of Canadians generally to be careful about fires will last for all time. Do you know that:

It's a patriotic duty to prevent fires. The fire loss of Canada for the year 1919—\$23,500,000.

Seventy-five per cent. of all fires are caused by carelessness, and can be prevented.

Remove all rubbish that may have accumulated around your premises. Keep all polishing and oily rags in a sheet iron box, in a safe place. This material causes spontaneous combustion.

Do not dump ashes near woodwork. Have a pit or ask can in rear of property.

Do not allow children to play with matches.

Beware of gasoline, benzine, and other inflammable liquids. They are dangerous.

Be careful when you throw your cigar or cigarette stubs, as well as the lighted match.

Do not leave electric irons connected. Turn off switch and disconnect plug before leaving.

Every citizen should clean up his

## HAVE MEASURED UP

That the Canadian Pacific Railway are fully measuring up to the heavy demands made upon them for care of moving this year's crop, is amply demonstrated by the number of cars that were loaded up in Alberta, Thursday. These totalled 461. As each car carries on an average 1,600 bushels, the grain moved exceeded 20,000 tons.

All danger of car shortage in Alberta, as far as that company is concerned, is now passed. On an average 400 cars have been supplied daily now for some considerable time.

## OIL GUSHER UP NORTH

Away up north at Fort Norman where there is said to be an oil gusher, it is exactly in the latitude of Dawson City. We know what the gold discoveries in the vicinity of the latter did in the way of directing attention to the northern areas of this continent. Up till that time they were considered of no value to anybody but the fur-traders. Similar activity around Fort Norman would mean much more to Canada than did that around Dawson, for the reason that the route to the former is a direct by rail and river and is a comparatively easy one. It must mean the opening up of Canadian territory on this side of the Mackenzie River post, which is said to be immensely rich in minerals.

## DIFFERENT FROM ALBERTA SYSTEM

A deficit of \$200,000 in the operation of the Manitoba government telephone system for 1920 was announced by Premier Norris last week, who stated that an increase in the rates will be necessary. "It will not be more than sufficient to meet the deficit incurred," said Mr. Norris. The deficit is due mainly to increased wages and operating expenses, it is said. The increase will not be decided on definitely until the legislature is in session.

## DON'T STOP

When someone stops advertising someone stops buying.  
When someone stops buying someone stops selling.  
When someone stops selling, someone stops making.  
When someone stops making, someone stops earning.  
When someone stops earning, everybody stops buying.  
Keep going!

## PROVINCIAL NEWS ITEMS

Mail matter from Vancouver to Seattle will be delivered in 58 minutes by the new aerial route which has been established.

Choice steers at Calgary bought \$7.50 to \$8.25 last week, the market dragging along with only a few head being sold. Hogs sold at \$21.50.

Nitro-glycerine smuggled into the Kingston penitentiary recently by convicts was sufficient to blow the building off the face of the earth.

There is absolutely no demand for hides at present, and stacks of hides may be seen at points through the United States and Canada, all waiting for somebody to make anything like a reasonable offer. And yet the price of leather continues very high.

There is fear of the muskrat being exterminated and new regulations have been passed prohibiting the trapping of this fur bearing animal for a whole year anywhere south of the north Saskatchewan.

The Okotoks Review reports that A. S. Blackwood, of near Millarville, has a crabapple tree, planted 19 years ago which yielded fruit for the first time this year. Between 600 and 700 apples were taken from it.

James Royce, who was arrested on a charge in connection with the murder of Anna Gordon at Calgary, was acquitted by a jury of twelve men on Thursday last.

The result of the vote in Okotoks on Monday of last week on the electric light franchise was 42 for and 19 against. The by-law only carried by the small margin of one.

Considerable hay is being sold at present, and on Saturday last the price on track at Calgary ranged from 22 to 24 for upland hay while timothy is being bought at 30 per ton.

The charge is now made that the will of the late Edward F. Seaford, of Methuen and New York, who left \$20,000,000 to Arthur Walker, was made under undue influences and when the millionaire was incompetent.

A soldier presenting himself at the government treasury in Melbourne, Australia, said: "I am a £100 note and want to be cashed." He said he had swallowed the note at Fleurbaix when he expected to be captured. He remembered the number and the note in question turned out to be the only one missing from a particular issue which had been recalled. The man received a new note.

Tappy Frost, of Calgary, who had to go to Wetaskiwin on official business, recently was assaulted by the Wetaskiwin chief of police, but the former turned the tables by cleverly knocking down the policeman and placing the handcuffs on him, later conducting him to the police cells where he spent a few hours in quiet meditation, after which he was charged with assault and fined \$50 and costs for assaulting the Calgary alderman.

## LOST

LOST—In the Imperial Hotel on Wednesday last, parcel containing White satin Dress goods. Please return to Hotel or Advocate Office.

### PROVINCIAL NEWS ITEMS

A Wetaskwin farmer sold his section of land for \$60,000 last week.

There is a shortage of teachers throughout the province of Alberta.

The total registration in Calgary for the coming plebiscite is only 17,368.

Pincher Creek will vote on the Municipal Hospital scheme on October 16.

The Famous Players Corporation will erect a \$500,000 theatre in Calgary.

Ontario will receive nearly \$2,000,000 as revenue from motor vehicles. The registration will be 174,000.

Potatoes throughout the province is being bought at \$30 and \$33, there being little movement in South Alberta.

The total output of coal from the mines of Alberta during three months, January, February and March was 1,732,330 tons.

Because manufacturers guaranteed against price decline is one reason why commodities are not being reduced in price.

Calgary is agitating for a Union station. It would be a great thing for all concerned if a Union station could be agreed upon.

Capt. James Rogers, of Okotoks has been appointed to the command of "D" Company, 50th Battalion, C.E.F., stationed at Calgary.

Bryan Buck, who went up to the Burns' mines to accept a position, returned to Okotoks again as the altitude was too high for him.

The press of the province contains items of new regarding the sale of land and in the majority of instances the price is over \$500 per acre.

A married man never hollered over the way his wife kicked the lining out of his personal liberty the way he did when the prohibitionists finished the job.

By a new German process, benzine and kerosine can be obtained from liquid coal tar which has been distilled from lignite at a lower temperature.

The Saskatoon Star recently declared that the west can get the wheat board re-established in control of wheat marketing in two days, if energy is shown by people generally.

The town council of Gleichen revised the water rates to the flat rate of \$5 per month and \$20 per 1,000 cubic feet. Once upon a time the flat rate was \$1.50 per month, which some considered high.

In the budget prepared by a Business Woman's Organization at Calgary, to show living costs for a young woman, \$3.75 is set down for papers and magazines for a year. It does not seem enough.

Lloyd George holds out to the Irish not an olive branch but a shillelagh. He will not go so far even as Dominion home rule or make any advance in the Home Rule bill. The government is not weakening in its attitude very perceptibly.

The population of the United States is now somewhat over \$5,000,000, which is as great as the United Kingdom, France and about half of Italy. In the middle of last century United States had a population of little more than twice as many as Canada.

The Yorkshire Post says: It is not only asserted that Mayer McSwiney is fed, and this by direct orders of dignitaries of his church, but even the name of the sustaining tabloid from which it is alleged he draws sufficient nourishment to remain alive is given.

Farmer representatives presented their case against an excessive tariff at Edmonton last week before the tariff commission. They blame the tariff for driving sons and daughters from the farm. The manufacturers present made persistent demands for a continuation of the tariff.

The railway commissioners have not yet received any intimation from the Dominion government that its judgment in railway rates will be revised.

Canadian sugar refineries are endeavoring to prevent cheap imported sugar from being dumped into Canada. They do hate to see the price reduced.

John Miller, a well known Claresholm man, who was engaged in bridge work near Seattle, was killed recently by a pillar falling and hitting him on the head.

For a better understanding between Canada and the United States, prominent citizens of both countries will deliver lectures on subjects of mutual interest in both countries.

R. A. Darker, branch manager of the Canada Life at Calgary, for the past 18 years, has retired from that position and has been succeeded by H. D. Ferguson, of Calgary.

An American divine speaking at Toronto recently denounced the so-called dances as nothing but an expression of the worst part of the nature of African aborigines.

The evidence given by some of the farmers of Saskatchewan is pessimistic, and as blue as anything can be. Their case would not be weakened if they were somewhat more cheerful about it.

There was a snow storm in Toronto last week, while here in Alberta the weather was ideal and summerlike. At the same time we must take warning, even if conditions are so salubrious for winter cannot be long deferred.

Felix Dunn, of Nanton, who invented an oil and gasoline saver for automobiles, sold his patent for \$25,000 cash, and he is now spending his holidays at California. The apparatus is being manufactured in Toronto, the daily output being 500 per day.

The Earl of Minto recently brought in a notable contribution to the blooded stock of Southern Alberta. He has placed on his beautiful 4,000 acre farm six miles west of Nanton, a herd of pure bred sheep and a herd of registered Shorthorn cattle. The Earl has plans under way for one of the most up-to-date farms in the west.

Citizens of Drumheller are up in arms against the Utilities Board at Edmonton for having refused to sanction the issue of \$75,000 worth of debentures for the installation of a fire fighting and sewerage system. The assessment of the town is \$600,000, and the present indebtedness is only \$20,000, yet they cannot borrow more say the Utilities Board.

### WANTS PRICES PROBED

Mayor Church, of Toronto, has asked the city health officer to look into the prices being charged locally for bacon. A year ago when live hogs were selling at \$21 per cwt. he says bacon was selling at 55 cents a pound. Now that hogs bring \$15 and \$16 per cwt. the price ranges from 62 to 68 cents a pound.

The Cayley Fair and Sports ground adjoining the town was cultivated and put into crop this year by Frank Shier, and from 24 acres of wheat there was threshed 576 bushels of No. 1 wheat. This will give the committee a nice little nest egg for improvement.

### Don't Saddle Yourself

with either poor harness or inferior stable supplies. It's far cheaper to buy the best from us and get real value for your money.

### Cheap Harness May be Dear

at any price. This is very apt to be the case with harness bought by mail. The concern a hundred or more miles away cannot sell good harness any cheaper than any one else. So when they cut the price they cut the quality too. Buy here and see what you are getting before you pay for it.

"Stockmen complain about the dock-  
 age of one-half of one per cent. for  
 disease which, on a 1000-lb animal  
 worth 8 cents would be 40 cents. The  
 same animal shipped to south St.  
 Paul would be docked \$2," said J. M.  
 Reid, secretary of the live-stock ex-  
 change, last night.

The 1918 report of the sanitary  
 committee of the Chicago yards shows  
 that out of 425 head of Canadian cat-  
 tle picked at random for a special  
 health inspection, not one was con-  
 demned. There were 263 steers and  
 163 beef cows. There is a loss, how-  
 ever, that results from bruises, the  
 greater majority of which are caused  
 by horned cattle, consequently the  
 campaign to eliminate the horns.

### CATTLE SHIPMENTS FORM MANGE DISTRICT

Four hundred carloads of cattle  
 from the late so-called "mange area"  
 of Alberta are now on their way to  
 the Chicago market, according to in-  
 formation given by W. F. Stevens,  
 secretary of the Stock Growers' Pro-  
 tective Association. These shipments  
 represent about 8,000 head of cattle.  
 Among the shippers are Kenney and  
 McDaniel, who have so far sent for-  
 ward forty cars.

The districts from which these cat-  
 tle have come have been carefully ex-  
 amined by range riders attached to  
 the veterinary branch of the Dominion  
 government. Before the animals  
 were permitted to be put on the cars  
 they were also thoroughly examined  
 by a qualified veterinarian in order  
 to preclude as far as possible any  
 chance of an affected animal arriving  
 on the American market, because  
 should that occur it might result in  
 an embargo being placed in Canadian  
 cattle. This, the stockmen and vets  
 are both doing their best to prevent.

The lifting of the blanket quaran-  
 tine will be worth thousands of dollars  
 to Alberta cattle men, because were it  
 not for this their animals would not  
 be allowed to enter the United States  
 at all, and cattle from the so-called  
 infected area would have further de-  
 pressed local prices.

There has recently been a better  
 market in Chicago for Canadian cattle  
 prices having advanced from \$1.00 to  
 \$1.50 per 100 lbs. The price for feed-  
 er animals has lately ranged from  
 8½c to 11c and for beef steers from  
 8c to 14c. The freight works out at

about 1½c per 100 pounds, which is  
 practically offset by the difference in  
 the rate of exchange. If stockmen  
 are favorably placed as far as range  
 and feed are concerned. It is gener-  
 ally considered that there is a fair  
 amount of profit in the business at  
 the prices mentioned.

It is expected that further large  
 shipments are to follow shortly.

### THE FRENCHMAN WON

Savage right and left crosses by  
 Georges Carpenter finished Battling  
 Leviney in the early part of the  
 fourth round of their scheduled 12-  
 round bout before a large crowd of  
 fight fans at Jersey City on July 13.  
 The Frenchman showed superior form  
 from the start and did most of the  
 leading. The general opinion among  
 sport writers and ring followers is  
 that Carpenter is a fast and clever  
 fighter, with wicked clouts in both  
 hands. He is now acclaimed the light-  
 heavyweight champion of the world.

Yields in the Lethbridge irrigated  
 district are recording high. Many  
 wheat areas are yielding more than  
 twenty bushels to the acre, several  
 over thirty, and one farmer has re-  
 ceived over four hundred bushels from  
 seven acres. Most of the wheat is  
 grading number one.

Fur in the north of Alberta will be  
 more plentiful this coming season than  
 for some years, according to all re-  
 ports. Positive signs, it is claimed  
 show that a big catch is assured, and  
 the trapping season will be a most  
 successful one. Mice and rabbits have  
 been plentiful, and there has been a  
 large game increase. These consti-  
 tute the main food of coyotes, foxes,  
 lynx and other animals, and the ex-  
 perience has been that when there is  
 an abundance of live food the fur  
 catch is proportionately large.

Mr. James McNiven, of Halton  
 county, near Hamilton, visited for  
 several weeks with his son Daniel, of  
 this district. Mr. McNiven, although  
 over seventy years of age goes about  
 as sprightly as a youth. He was im-  
 mensely pleased with what he saw of  
 the west and was impressed particu-  
 larly with the scenery and the long  
 hours of sunshine that prevail here.

### CAMPAIGN BEGUN TO DEHORN ALBERTA CATTLE

Livestock Exchange of Calgary is Co-  
 operating in the Campaign.

Claiming that animals feed, sell  
 and ship better when dehorned, the  
 livestock men of the province have  
 commenced a campaign to educate  
 the livestock producers to dehorn their  
 cattle. The basis of their campaign  
 is this:

Horned cattle do not feed as readi-  
 ly nor as conveniently at a trough as  
 dehorned cattle.

Dehorned cattle bring a quarter of  
 a cent per pound more than the horn-  
 ed animals.

One hooky cow will ruin a whole  
 carload of cattle.

The livestock exchange at Calgary is  
 co-operating in this campaign, by  
 sending out posters throughout the  
 country setting forth the advantages  
 of dehorning cattle. The Union bank  
 at the livestock yards is also co-oper-  
 ating. All livestock exchanges are  
 taking a hand. The Saskatchewan de-  
 partment of agriculture has taken the  
 matter up.

**\$5.00****LOCAL ITEMS**

Miss West, of the Calgary Telephone office staff, was a visitor in Vulcan over the holidays.

Mr. and Mrs. Robert Marshall returned home Sunday from Calgary where they had been visiting with Mrs. Gilmour.

Mr. Blewitt, Field Inspector for the Government Telephone was in Vulcan on official business for awhile this week.

Mr. Roland Kerr, who has been connected with the trouble department of the local telephone office for some time has been transferred to Cardston.

The members of the Women's Institute will motor to Alton on Thursday to attend a meeting of the Golden Rule Women's Institute.

Mrs. Dr. R. Hughes of Calgary, spent the holiday with Mr. and Mrs. H. G. Hanson.

Vulcan was visited last week by Messrs. R. J. Lydiatt, vice-president of the Trans-Canada Theatres Ltd., Earl Wolfe, manager of the new theatre, Edmonton, Claude Smith, accountant of the Calgary office,

Grand Theatre, and George Warren, publicity man of the Calgary Grand Theatre. They made the visit here, Nanton, Vulcan, Brant and Blackie, advertising the coming of "Chu Chin Chow," a musical extravaganza in which 300 stars will participate, on the week of November 1st.

Mr. Stewart, manager of the Bank of Commerce, left on Friday for Saskatoon, returning Monday evening with Mrs. Stewart and little daughter, who will reside here in future.

Mr. Joe Robinson, who farms one mile west of Vulcan, and who is going to the Old Country on an extended trip, is selling out all of his farm stock, machinery, household furniture, etc., by public auction on Friday, October 29. For particulars see his advt. on another page and attend this sale.

On Friday evening next the Rev. D. N. McLachlan, of Toronto, will address the public on the "Referendum" in the Vulcan Union Church. The vote is to be taken on October 25th, and this offers a splendid opportunity to hear the facts from one who is an

authority on the subject. A silver collection will be taken up in behalf of the work.

W. R. Nixon, of Armstrong, B.C., was a business visitor in Vulcan for several days last week.

Mrs. Caruthers, who left for Calgary Tuesday, returned Wednesday with her husband who has been in hospital there for some time.

The dance held in the L.O.O.F. Hall on Friday evening last was a huge success in every sense of the word and the crowd, which was the largest that has assembled for some time, enjoyed themselves to the full. Dancing commenced at 9 o'clock, but it was not until after 10 that the real fun started, when an endless stream of dancers began to arrive, thereby enlivening the proceedings and from then on till about 2.30 everybody got the good time they anticipated. The music was supplied by the Calgary orchestra and was of the best.

**PEACE THANKOFFERING**

The Vulcan Union Church observed Thanksgiving at the services Sunday last. In the morning the minister took as his theme "The Nature of the Spiritual Harvest." In the evening Rev. A. R. Schrag gave an address on the Peace Thank Offering in connection with the Forward Movement. Both services were well attended and a greater interest is being shown in this most important work. Speaking on the Forward Movement Rev. Schrag said that in nearly every place had the subscriptions gone over the top. On the whole the amount originally has been one-third over subscribed. It is part of the nation's gratitude that the Great War is over. While other lands lie bleeding and famished, for us a signal deliverance has been wrought. Our soil has not been violated. Our homes have not been ravished. Our place among the

free people has been established. Our Dominion is enjoying unparalleled prosperity. We must conserve this prosperity. We must minister to our people. We must build up a better Canada and a world of goodwill. Money is needed—five millions at the very least. Wealth abound in Canada as never before. The men and women of the Dominion have now an opportunity to abound in the grace of giving and show the measure of the gratitude by over-subscribing this modest call, where they have not yet had a chance to give.

Our contributions in money as well as in energy must be on a new scale. It is a startling fact that the givings to the church have for years been on a stationary basis. The day has passed when the people can spend dollars in self and pennies in God. The money spent goes for reconstruction work. Vast stretches of the West have no churches and no men to take up this work. Where the church fails, Bolshevism creeps in. Discontent breeds; ignorance thrives. The people go back for want of Christian leadership. The work must be put on a basis of efficiency. It must expand. In short, we must all take hold and make the work of the next five years a real Forward Movement.

**FARMERS ARE WARNED**

Information has come to the U.F.A. central office that some unauthorized persons are soliciting contributions for the big membership drive that is being planned. A report came in over the phone from the Staveland district that some one was at work in that district soliciting contributions to the drive, unknown to the official workers.

The U.F.A. central office would like to warn farmers that anybody who is authorized to solicit contributions in connection with this drive is supplied with official receipt books, and that every canvasser has a written author-

ization from the District Captain, who is usually one of the best known men in the district, so that there should be no difficulty in promptly ascertaining whether a canvasser is bona fide, if there is any doubt in the matter.

**THANKSGIVING**

Until the Canadian parliament decides upon some special date for Thanksgiving to be observed annually, Thanksgiving will not mean much to Canadians. This year the date was not selected until a short time ago and we have no doubt but that thousands of people in the country were not aware of the fact that October 18 had been set aside as a day of thanksgiving. We would suggest that the first or second Monday in November be permanently selected as the holiday which is about the best time for such an occasion as farmers are generally through with threshing operations about then, and all the people can observe the day in a proper manner. During the past year the people of this district have had ample cause for thanksgiving for a very good crop has been garnered and the health of the people never was better. For these two reasons alone there is to be found ample cause for thanksgiving.

**HEAVY U.S. SELLING**

The government estimate issued last week placed the stock of wheat still on the farms of the United States at 40 per cent. This would mean that 450,000,000 bushels of the crop had been marketed and only 300,000,000 bushels left, which is looked on as a bullish factor in the market.

**THE LAST LAUGH**

He was a very young officer, who looked as if he should be wearing knee breeches.

One day when his company was up for inspection at the training camp, one of the men remarked in a tone of deep sarcasm, "And a little child shall lead them."

"The man who said that, step forward," was the immediate command. The entire company stepped out and repeated the quotation.

The lieutenant looked up and down the line. "Dismiss," he announced shortly.

The men though they had got the better of him, but not for long, for that night at retreat when the orders for the following day were read, they heard: "There will be a twenty-five mile hike to-morrow with full equipment, and a little child shall lead them—on a damned good horse."—Exchange.

**BIG CROPS IN U.S.**

According to the crop report recently issued by the U.S. government, the wheat yield was 750,648,000 bushels, making an average of 14 bushels per acre; corn 216,192,000, or 31 bushels per acre; oats 444,362,000 bushels; barley 191,386,000.

**NO MANGE FOUND**

Train loads of cattle from Alberta to American markets are being consigned by various stockmen and it is very gratifying to learn that so far the range riders and veterinarians have not discovered a single case of mange among the cattle shipped so far. With the lifting of the blanket quarantine on October 6, on cattle from the mange area, particular care was exercised in examining the stock and no disease was visible. This is a splendid testimony in behalf of the people throughout the mange area, who took pains to dip their cattle, whether they showed signs of mange or not.

The changes made by Canon Scott at Calgary and Edmonton recently about the Ross rifle are very serious and it calls for an investigation.

**TAX SALE**

Sale of Lands in the Municipal District of Marquis, No. 157, for Arrears of Taxes.

NOTICE IS HEREBY GIVEN that certain lands in the Municipal District of Marquis, No. 157 will be offered for sale for arrears of taxes and costs on Monday the 15th day of November, 1920, at 10 o'clock in the forenoon at the office of the Secretary-Treasurer at Vulcan, Alberta. A full list of the said lands may be found in the issue dated 22nd September, 1920, of the "Vulcan Advocate," a newspaper published weekly at Vulcan aforesaid and unless the said arrears of taxes and costs be sooner paid the Treasurer will proceed to sell the said lands at the time and place above mentioned.

Dated at Vulcan, Alberta, the 23rd day of September, 1920.

R. E. HOUSE,

Secretary-Treasurer.
